LeetCode | CodeChef | HackerRank

SUMMARY

AI/ML undergraduate with experience in Python, machine learning, and software engineering. Developed AI-powered solutions in computer vision, code intelligence, developer productivity, and authentication systems using modern APIs and databases. Completed certifications in Python, Data Science, and government-recognized IT programs. Passionate about building practical, scalable solutions to real-world problems.

PROJECTS

Designed intelligent software systems for computer vision, developer productivity, and identity security using backend services and databases.

CodeSage | *RAG, FAISS* | Demo

- Built an AI-powered code intelligence platform using RAG, AST analysis, and semantic search.
- Implemented dependency impact analysis for code change assessment across large codebases.
- Developed LLM-powered debugging and refactoring tools to improve developer productivity.

FaultSnap | *Python, CLI* | PyPI

- Built a crash diagnostics platform that captures execution state, variables, and call stacks for faster debugging.
- Implemented secure crash serialization with secret masking and crash fingerprinting.
- Developed CLI and HTML inspection tools for offline crash analysis.

Sentinel Face Secure | *MobileNetV2, FastAPI* | Demo

- Built a real-time facial authentication system using deep learning and biometric embeddings.
- Implemented face verification workflows with image quality validation and authentication confidence scoring to improve system reliability.
- Developed AI-based security monitoring for authentication logs, threat detection, and risk assessment.

TECHNICAL SKILLS

Programming Languages: Python, Java, C/C++

AI/ML & Computer Vision: CNN, MobileNetV2, OpenCV, NLP

Backend Development: FastAPI, Flask, REST APIs

Databases: MongoDB, SQL

Tools: Git, UNIX, VS Code, Antigravity, Jupyter, Figma, n8n

CI/CD: GitHub Actions, Jenkins

EDUCATION

CMR College of Engineering & Technology

B.Tech in Artificial Intelligence & Machine Learning CGPA: 8.33

Sri Chaitanya Junior Kalasala

Intermediate (MPC) Percentage: 99%

Aryabhatta High School

SSC CGPA: 9.8

Medchal, Hyderabad

Nov 2022 – July 2026

Gudimalkapur, Hyderabad

2019 – 2021

Thorrur, Mahabubabad

2018 – 2019

ACHIEVEMENTS

Generative AI Virtual Internship | *Google Cloud, AICTE EduSkills*

- Completed a 10-week Generative AI internship, working with AI models and cloud-based tools on real-world applications.

CERTIFICATES

Salesforce Certified Agentforce Specialist

- Salesforce certification in AI agent design, configuration, automation, and deployment using Agentforce platform.

Cisco Networking Academy Certifications

- Python Essentials 2 – Python programming, debugging, scripting.
- Introduction to Data Science – Data analytics fundamentals, AI/ML data concepts.

NIELIT CABA Certification (Govt. of India)

- Certified in Computer Applications and Business Accounting (CABA) by NIELIT, Ministry of Electronics and Information Technology.
